**The tremendous success of the Stanner Excellence Campaign for the Arts and Sciences Center exceeded our expectations. It enabled Archbishop Molloy to introduce an expanded Fine Arts and Drama program, to diversify the use of computer technology across the curriculum and to intensify Science research and competition. It also served as a catalyst for encouraging alumni and parents to accept an essential role in the future of Archbishop Molloy High School.**

# Exemplary School Award

The highest honor a secondary school can receive.

## ACADEMIC EXCELLENCE:

98% of Molloy graduates go on to college. Molloy ranked among the top 1% of secondary schools in New York State Regents Scholarship awardees in 1987.

## ATHLETIC EXCELLENCE:

Molloy won 8 C.H.S.A.A. City Championships during the 1986-87 school year, including 5 Varsity sports: Handball, Basketball, Baseball, Soccer, and Swimming.

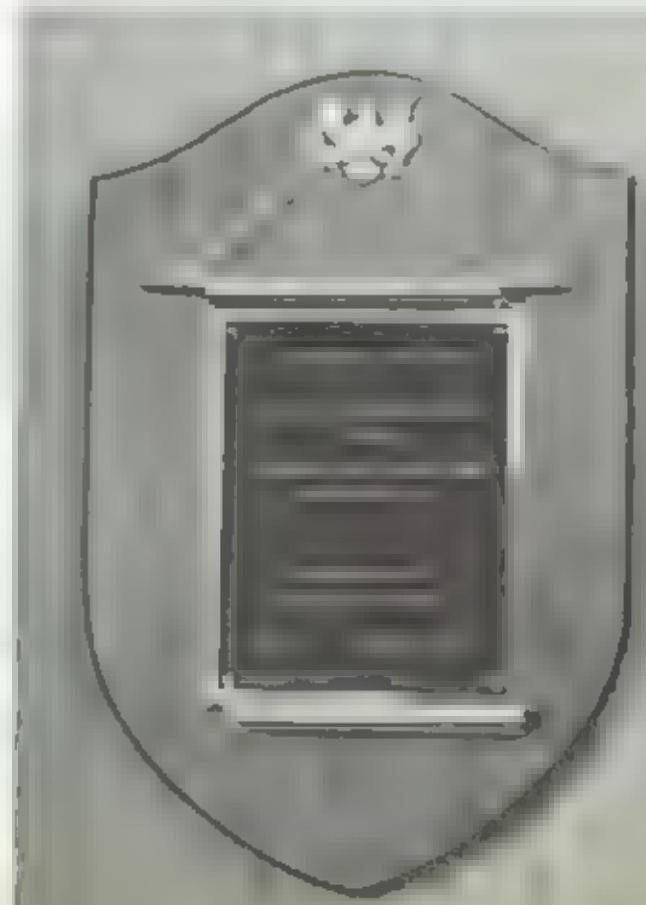

## CHRISTIAN SERVICE AND AWARENESS:

Molloy's Religious Activities Office provided volunteers for many area hospitals, including St. John's Hospital and Queens Children's Hospital. More than 350 students made retreats and encounters at Esopus while counseling programs such as Big Brother, S.M.I.L.E., and Peer Group also aided students.

In congratulating Molloy on the Exemplary School Award, the chairman of the Evaluation Committee wrote: "I know of no other school that deserves the honor more than Archbishop Molloy High School. Your curriculum is challenging; your goals are admirable; your vision is accurate."

Dear Seniors  
On behalf of the administration and faculty I want to congratulate you on your graduation from Archbishop Molloy. For the past four years you have worked diligently toward this goal and we are proud of you!

The true assessment of your experience at Molloy primarily must be gauged by the quality of the lives of each graduate. I would hope that each young man who graduates from Archbishop Molloy would be an individual whose personal faith and Christian commitment has been enriched and strengthened. I would hope that each graduate would be a person less willing to take a personal role in reaching out to them. Finally, I would hope that each graduate would be a person sensitive to the needs of those less fortunate and willing to take risks and ready to reject the insidious effects of prejudice and challenges. This is the real challenge and disbursement to each Molloy graduate. It is the primary reason that Archbishop Molloy High School exists.

As you leave Molloy, I want to encourage you to be Christian men for others. This will be the true test of Archbishop Molloy's success.

## ACTIVITIES

# Geology Trip

Oops, I forgot my parachute

Hey, I think there's someone down there

Discovering the town of Bedrock

110 seniors ventured to New Paltz on a 2 day outdoor classroom experience in search of fun, adventure and rocks! The seniors combed the hillsides and surrounding areas of New Paltz for nature's mineral riches while learning about geology through a "hands-on" experience. The geology trip was guided by Martin Rutstein, a professor of geology from the State University of New Paltz.

We'll hold the rope, trust us

Practice in mental prowess?

The Science Olympiad is an academic competition between high schools across the nation and is sponsored by the army R.O.T.C. In its second year at Molloy, our Science Olympics' team is ranked second in the city. Events include: topographical mapping, laser shoot, and science bowl among others.

# Symposium

Prof. Martin Rutstein, State University at New Paltz  
Prof. Arthur Goldberg, Long Island University  
Prof. W.C. Riese, Alumnus, Rice University(ARCO)  
Prof. David Speidel, Queens College  
Prof. Fred Wolff, Hofstra University  
Prof. Donald Miller, Rensselaer Polytechnical Institute

On Jan. 20, seven professors came to Molloy to comment on and explain the current state of our environmental sciences. The symposium taught us about the contemporary abuse and misuse of our natural resources: air, soil, and water. Following a series of lectures, there was an open forum with Congressman Thomas Manton providing political insights into our current ecological dilemmas. The symposium not only provided information on the roots of our problems, but dealt with possible solutions as well.

The nucleus of the Molloy community is Christ. We celebrate our love for Christ thru school liturgy. Masses at Molloy are special however because of student involvement. The Choir, Sacristans, Lectors & Eucharistic Ministers are all students helping to celebrate Christ

Life: a gently flowing river

Together in friendship and faith

There is never loneliness where there is a true friendship

Wherever two or more are gathered in His name there is He among them

Dear Br. John Raeihle,

The retreat weekends are a time and space all to themselves, no one can touch them. While there, no one can touch us. We retreat from the pressures of the superficial world we live in and take a step back to look at the people we really are. We are given this chance because of the care you have for every single Stanner who walks through the retreat house doors. Whether he be a freshman, sophomore, junior or senior you give him the same love and devotion. Through this you give us all a direction to look and work towards.

All those who have ever retreated to that out of the way place have left understanding themselves a little better. This is the gift which we will never be able to fully repay you for, but this is to let you know how much we love you and appreciate all you've done for us.
